

A Patient-Centered Medical Home is based on a continuous relationship with a personal physician. The physician leads a team of medical professionals who together take responsibility for a person's care through all stages of life.

Benefits of a Medical Home :

- One Place to Call for Care*
- Greater Access to Services*
- Improved Communication*
- Focus on Preventive Care*
- Personalized Quality Care*
- Lower Health Care Costs*

*Partnering
with your
FAMILY DOCTOR
from the
COMFORT
of your
'MEDICAL HOME'*
